

Crossing Guard of the Month!

The role of an adult Crossing Guard is to:

- Help children safely cross the street at key locations
- Help remind drivers of the presence of pedestrians
- Help alleviate parental concerns on the safety of their children by having an adult presence
- Be a good role model for the children still developing the skills necessary to cross streets safely anywhere

This month we would like to appreciate Crossing Guard Anora who helps at Leal Elementary School. Anora was nominated because of her friendliness and her ability to keep the children safe at this busy corner.
